

Tribal Students *Online School is Still School*

It's incredibly important that students are:

1. Logging on **every** day
2. Participating in their daily zoom classes
3. Completing and submitting their assignments
4. Being an active student

We would like to remind parents and students that online school is real school and **daily attendance is monitored**. Daily attendance and completion of work is especially important for high school students and **graduation depends on your attendance**.

Resources

1. All schools have tutoring resources
2. Teachers and administrators want to help you succeed
3. CTSI offers weekly Homework Help session with Jacob Reid & Nick Viles (for access contact Jacob at jacobr@ctsi.nsn.us)

If you are struggling please reach out to your school.
