

Missing Moccasins

What is a "Missing Moccasin"? This is a tribal member who has an invalid address on file with the Siletz Enrollment Department. The Tribe has received mail back for the Tribal Member as undeliverable. Enrollment Staff will attempt to contact the tribal member at the most recently provided phone number. Once it is determined there is no way to get a message to the Tribal Member, they will be added to the "Missing Moccasin" list for publication in the Siletz News.

In order to receive any mail from the Tribal Administration building, including per capita checks, elections and the Siletz News, the Tribal Member must submit their address change on the Enrollment form "Address and Contact Information Update." For security reasons, address changes are no longer accepted over the phone.

As of December 26, 2017, there are 85 ADULT Siletz Tribal Missing Moccasins. If you are on this list, please update immediately. There are also 44 children with an invalid address, if you are not receiving the quarterly statement of your child's trust account, they may have an invalid address on file. Children's names are not publicly published.

If you know someone on this list, please ask them to contact the Enrollment Department to have a form sent to them. The form is also available on the Tribal website at www.ctsi.nsn.us under Government then select "Enrollment", or at any of the four area offices. If you have any questions, contact the Enrollment Staff at (800) 922-1399 ext. 1258 or directly at (541) 444-8258.
