[Amended by Resolution No. 2009-259, 6/19/09]

(b) **Size of Distribution.** This Ordinance covers "per capita" distributions of monies to enrolled tribal members. Such per capita distributions may be made to all enrolled members of the Tribe or may, at the discretion of the Tribal Council, be made to identifiable classes of the Siletz Tribe, for example, elders or minors.

(c) **Exclusions.** This Ordinance does not cover distributions of monies to tribal members which are subject to restrictions in use, or tribal monies which are distributed to individual tribal members or groups of tribal members in response to an application for services or financial assistance, or in response to an assessment of need for a particular service or program. proposed distribution at the time the resolution is considered by the Tribal Council.

(b) **Contents of Resolution.** A Tribal Council resolution to distribute tribal monies to enrolled tribal members shall not be effective unless the following items are specifically addressed in the resolution:

- (1) the source of tribal funds which will fund the distribution to enrolled tribal members;
- (2) the amount of money that will be distributed to enrolled tribal members included within the distribution;
- (3) to whom the distribution will be made - to all tribal members or to a particular, identifiable class of tribal members. If the distribution is being made to less than all enrolled tribal members, the resolution shall include a justification for making the distribution to the smaller group of enrolled tribal members;
- (4) The cut-off date for enrollment to qualify for the distribution;
- (5) the date when the distribution will be made;
- (6) an opinion by an attorney employed or retained by the Tribe on the taxable nature of the distribution.

(c) **Enrollment Office Action.**

- (1) Preparation of Distribution List. Distributions of monies under this Ordinance shall be limited to enrolled members of the Siletz Tribe as of a specified cut-off date. Tribal enrollment must be final, with no

relinquishment or removal actions pending, as of that date to qualify for a distribution. Upon passage of a Tribal Council distribution resolution, the resolution shall be forwarded to the Tribal Enrollment Office for preparation of a distribution enrollment list. Such list shall consist of all enrolled tribal members who are eligible for the distribution and who have not disclaimed their right to distribution as provided in sub-section (4) below.

- (2) Notice of Proposed Distribution. The Enrollment Officer shall provide thirty days notice of the proposed distribution to the tribal membership, by any appropriate means.
- (3) Distribution Requirements. In order to receive a distribution, a tribal member must have on file with the Enrollment Office:
  - i. a current address; and
  - ii. a valid Social Security number.
  - iii. If a tribal member does not already have a valid Social Security number on file with the Enrollment Office, the tribal member must provide a copy of a valid Social Security card to the Enrollment Office.
  - iv. If a tribal member provides evidence to the Enrollment Office that the member is not a U.S. citizen and is not eligible to receive a valid Social Security card, the Enrollment Office shall, within 45

[Amended by Resolution No. 2009-196, 5/8/09]

- (4) **Right to Disclaim Distribution(s).** If a Tribal Member, or the Tribal Member's court-approved Guardian, Conservator, or other Trustee, does not want to receive a distribution, for any reason, the Tribal Member or their Guardian, Conservator or other Trustee must obtain a Disclaimer form from the Trust Officer. The Disclaimer must be completed and signed before a Notary Public, then returned to the Trust Officer. The Trust Officer will route copies of the Disclaimer to the Enrollment Clerk, the Accounting Department, and to Tribal Court, if a guardianship is involved. The Trust Officer will maintain a list of Tribal Members who have disclaimed future distribution funds. After a Disclaimer has been filed, the member will not receive any more distribution checks, and will only receive a 1099 Tax Form for any distribution funds actually received during that tax year. If the Tribal Member or their guardian changes their mind and decides to accept distribution funds again, a request must be made in writing to the Trust Officer to receive any future distributions,

The Trust Officer shall be bonded to perform his or her duties under this Ordinance, but a Tribal Employee acting as Trust Officer shall not be liable for any action or failure to act, absent proof of bad faith or fraud. Compensation for the performance of such duties shall be decided by the Tribal Council.

(b) **Status as a Minor.**

For purposes of this Ordinance, a minor shall be defined as any enrolled tribal member who has not reached the age of eighteen (18) as of the date of distribution of a particular per capita payment. When a distribution occurs pursuant to this Ordinance, all distributions to enrolled tribal members who are minors as of the date of distribution shall not be distributed to the minor; instead, the distribution shall be maintained in trust for the benefit of the minor until he or she reaches the age of majority, except as allowed by sub-section (e) below.

[Amended by Resolution No. 2009-259, 6/19/09]

(c) **Status as an Adult Under a Legal Disability.**

(1) A presumption shall exist for any adult enrolled tribal member eligible for a distribution that such member is entitled to receive a distribution on the distribution date. Adults who are legally disabled will have their funds deposited into a trust account by the Trust Officer who shall maintain those funds under the same standards and principles set out for minors in subsection (d) of this section, unless the Tribal Court has ordered payment to a Guardian, Conservator, or Trustee of any other funds to which the

tribal member is entitled under any other Tribal ordinance, policy, or program, in which case, the distribution funds may be distributed in the same manner as previously ordered by the Tribal Court and subject to any of the same reporting requirements.

- (2) The Trust Officer is responsible for determining whether an adult is legally disabled. Such status shall normally be shown to the Trust Officer by a court order from a court of competent jurisdiction that has placed an adult in the legal custody of a guardian, conservator or institution because of a legal disability. The Trust Officer may recognize the designation of a guardian, conservator or other form of trustee made by a tribal, federal or state agency for purposes of distributing funds for the benefit of an adult who is subject to a legal disability without resorting to Tribal Court. If the Trust Officer is uncertain about the legitimacy or validity of an agency designation, the Trust Officer may petition Tribal Court for a determination of the adult's disability status. Additionally, the Trust Officer shall have authority to petition the Tribal Court to adjudge an adult tribal member as subject to a legal disability if the Trust Officer determines that the adult requires assistance in preserving his or her distribution funds and that due process requires a Tribal Court hearing. In such case, if the Tribal Court issues an appropriate order, that member's distribution funds shall be placed in a trust account under this section.

- (3) The Trust Officer may petition Tribal Court to allow funds belonging to an adult under a legal disability to be turned over to the tribal member's guardian, conservator or trustee or to be paid directly to a provider or vendor at times and in such amounts as are necessary for the health or welfare of the tribal member, and may disburse such funds upon court approval.

[Amended by Resolution No. 2009-259, 6/19/09]

- (4) For purposes of this Ordinance, incarceration does not constitute a legal disability.

[Added by Resolution No. 2009-196, 5/8/09]

**(d) Trust Account Standards for Minors and Adults with Legal Disabilities**

- (1) The Trust Officer shall be responsible for setting up and managing a trust account or accounts with an appropriate financial or investment institution to maintain distribution funds for minors and adults under a legal disability. The primary trust account for each minor under this subsection shall be limited to funds derived solely from per capita payments from gaming revenues. If funds are distributed from any other source, a separate trust account must be formed.

- (A) The form of the trust account (for example, individual trust accounts for each minor or one trust account for all minors) shall be at the discretion of the Trust Officer, so long as the balance and

accumulated earnings can be separately identified and monitored for each individual with funds held in trust and the account or accounts meets fiduciary standards.

- (B) Each beneficiary of a trust account shall be an enrolled tribal member and either a minor or an adult under a legal disability at the time the trust account is established. Contributions to the trust account may only be made while the beneficiary is still a minor or under a legal disability.

[Amended by Resolution No. 2018-146; 5/5/18].

- (2) The Trust Officer shall determine the custodial parent(s) or legal custodian of any minor or adult under legal disability whose distribution funds are being held in trust, and shall develop regulations, subject to the approval of the Tribal Council, addressing how information about custodial status or changes in custodial status shall be supplied to the Trust Officer and in what form. In the event of a dispute about who is the legal custodian of a minor whose distribution funds are being maintained in trust by the Trust Officer, the Trust Officer may petition the Tribal Court for a determination of the issue.
- (3) Reports of trust account status, including accumulated earnings, shall be sent on an annual basis to the parent or legal custodian of the minor or adult under legal disability whose distribution funds are being held in

(4) The trusts established pursuant to this section are grantor trusts. The Tribe is the grantor of the trusts, is the owner of the trusts for tax purposes, and has sole power to manage and revoke the trusts. [Amended by Resolution No. 2018-146, 5/5/18].

(5) Trust beneficiaries have no preferred claim on, or any beneficial ownership interest in, any assets of the tribes. Any rights under this section shall be unsecured rights of beneficiaries against the Tribe. [Amended by Resolution No. 2018-146, 5/5/18].

(6) At all time while the trust is in effect, the principal and income of the trust shall be subject to claims of general creditors of the Tribe under applicable law. The Trust Officer shall cease payments to or for the benefit of beneficiaries and shall hold the assets of the trusts for the benefit of the Tribe's general creditors throughout any period during which the Trust Officer believes or has reason to believe that the Tribe is unable to pay its debts as they become due, or is subject to a pending insolvency or bankruptcy proceeding. In the event an eligible enrolled tribal member dies between the distribution cut-off date and the date when the distribution funds are to be disbursed, that member's distribution monies shall be disbursed to the member's legal heirs according to applicable probate law, or if all the legal heirs agree in writing on some alternative disbursement, then as agreed.

The Trust Officer may issue regulations, subject to Tribal Council approval, setting out the documentation necessary to release funds under this subsection.
- (4) The Trust Officer shall petition the Tribal Court for a determination of this issue, and shall disburse the deceased member's distribution monies to the person or persons identified in the Tribal Court's order.
- (5) In the event a deceased tribal member's estate is subject to a probate proceeding or other legal proceedings have been initiated by creditors or other persons or entities seeking to obtain the deceased member's assets, the Trust Officer may pay the distribution monies which would have been disbursed to that member into the court for disbursement as the court determines.

attachment (while in possession of the Tribe).

(b) The availability of attachment and/or offset of assets of enrolled tribal members is strictly limited to debts owed to the Tribe, child support orders, or debts owed to the Internal Revenue Service.

(c) The Siletz Tribe shall have first priority if it is exercising offset and child support shall have second priority.

(d) Offset of Funds for Debts Owed to Tribe: If an enrolled tribal member is not current in his or her payments on a debt owed to the Tribe or Tribal entity, the Tribe may request the Tribal Court to order an offset of his or her per capita distributions to the extent needed to pay the debt.

(1) Upon request for an offset to pay debt owed to the Tribe, the Tribal Court shall send a 14 day Notice of Intent to Offset and any form(s) developed to protest the offset to the tribal member.

(2) A tribal member who contests the validity of any request for an offset to pay debt owed to the Tribe shall file a protest to the Tribal Court to obtain relief.

(3) The Tribe and Trust Officer shall have no responsibility to take any independent action with regard to a tribal member's protest of the request for offset, except that the Department or Tribal entity responsible for the request for offset shall gather and submit a brief explanation and supporting evidence showing the basis for the debt owed to the Tribe.

(4) The Tribal Court shall consider the Tribal member's Protest and the

information submitted by the Tribal Department requesting the offset. Based on the information before it, the Tribal Court may, in its discretion:

(A) Grant an offset of up to 100% of the tribal member's total distribution payment as requested by the Tribe; or

(B) Increase or decrease the amount originally submitted as the requested offset, taking into consideration the facts and argument before the Court.

(e) Attachment of Funds for Debts Owed to Other Entities: Upon request of an entity other than the Tribe for an attachment of assets, the Trust Officer shall first ascertain whether attachment is available pursuant to sub-section (b) above. If it is, the Trust Officer shall refer the request, along with any supporting documentation, to the Tribal Court.

(1) Upon receipt of a request for attachment, the Tribal Court shall send a 14 day Notice of Intent to Attach Per Capita Funds and any form(s) developed to Protest the Attachment to the tribal member.

(2) A tribal member who contests the validity of any Non-Tribal request for an attachment, or who believes that he or she will be unfairly harmed by an attachment and having taken steps to mitigate that harm, shall file a protest to the Tribal Court to obtain relief. The types of harm contemplated by this section include, but are not limited to, tribal members whose public benefits will be severely cut even though the tribal member took steps to mitigate the cuts (for example, some programs will take into account the once-yearly per capita distribution so that each monthly benefit is decreased slightly, instead of being

curtailed completely in the distribution month). A tribal member may also request that the Court consider ordering a decreased attachment, even when the tribal member does not contest the validity of the request, where the tribal member can show an equitable basis for the request. For example, a tribal member may acknowledge that child support or federal taxes are due, but may show the Court that he or she has made regular payments and has an extraordinary current need for the per capita funds at issue.

(3) The Tribe and Trust Officer shall have no responsibility to take any independent action with regard to a tribal member's protest of the request for attachment from another entity.

(4) The Tribal Court shall consider the Tribal member's Protest and the information submitted by any party at the date and time set by the Tribal Court for hearing, and shall weigh the evidence and argument according to the Court's discretion, and shall make an order taking into account the following:

(A) A tribal member who files a good-faith Protest under sub-section 2 of this section shall receive no less than 25% of their per-capita distribution remaining after off-set of any amounts due to the Tribe under sub-section(d), even if the Court does not otherwise find in favor of their protest.

(f) Upon receipt of a certified court order from a court of competent jurisdiction attaching assets of an enrolled tribal member limited to child support orders, debts owed to the

Tribe, or debts owed to the Internal Revenue Service, the Trust Officer shall forward per capita distribution monies belonging to the tribal member subject to such order to the person or entity designated therein in an amount, if available, sufficient to satisfy the order.

**§ 4.105            TAXATION OF DISTRIBUTION MONIES**

Certain monies, such as revenues generated by the sale of timber harvested from the Tribe's reservation trust lands, have been determined to be free from federal and state taxation when such revenues are distributed to tribal members. Other monies may be subject to taxation under applicable principles of law. The Tribe shall not deduct taxes -federal, state, tribal or otherwise - when monies are distributed to enrolled tribal members under this Ordinance, except as required by duly-promulgated United States Internal Revenue Service regulations, in which case the Trust Officer will adopt a procedure to address any tax withholding requirements. It shall be the responsibility of each tribal member, and of the Trust Officer in appropriate circumstances, to decide whether to pay taxes on monies distributed to enrolled tribal members under this Ordinance, and to actually pay such taxes, and a statement to this effect shall be included when any monies are disbursed to tribal members pursuant to this Ordinance. When a tribal attorney has concluded, pursuant to § 4.102(b)(6) of this Ordinance, that a specific distribution of monies under this Ordinance may be taxable, notice of the taxable status shall be included with each check distributed to tribal members.

The Trust Officer shall have authority to petition the Tribal Court to determine any dispute or issue which may arise under this Ordinance, in his or her discretion, and the District Tribal Court shall have original jurisdiction over such petitions.
