CHARITABLE GIVING REPORT 2022

Siletz Tribal Charitable Contribution Fund Charitable Giving Report 2022

The Confederated Tribes of Siletz Indians of Oregon adopted Ordinance Section §4.20 Distribution of Net Gaming Revenues on July 6, 1999 and signed an MOU with the State of Oregon regarding community relations and charitable giving on September 4, 1999. With these steps the Tribe established the Siletz Tribal Charitable Contribution Fund with a seven-member Advisory Board to send recommendations to Tribal Council for the distribution of Chinook Winds gaming revenues to eligible charitable organizations.

The charitable Advisory Board and Tribal Council determined awards for each quarter of 2022 to non-profits and public organizations within the Tribe's service area (Lincoln, Tillamook, Linn, Lane, Benton, Polk, Yamhill, Marion, Multnomah, Washington, and Clackamas counties) and to Native American entities within the US. Charitable categories were: education, health, public safety, gambling addiction, prevention, alcohol and drug treatment, housing, the arts, environmental and natural resources, cultural activities, historic preservation, and other charitable purposes.

The STCCF Advisory Board was responsible for reviewing applications and making award recommendations to Tribal Council. 2022 Advisory Board members were: Sharon Edenfield (Tribal Council representative), Tribal members Cheryl Lane, Rebekah Goulet and Kurt Arden, and at-large community members Karen Gerttula, Mike Holden and Dick Anderson. Board appointments are for three years with two seats set to expire each year. Mike Holden continues to serve as Chair.

The funds available for distribution were based on gaming revenues from the two years prior to 2022 plus any interest and carryover amounts. For the January-December 2022 award year, \$1.3 million was available for distribution. The charitable fund received a total of 243 applications for the year. The Advisory Board made recommendations and Tribal Council approved 134 awards totaling over \$909,000 dollars. Overall, 55% of applicants received an award. The average award size was \$6,785 and the median was \$3,500. To help mitigate the economic impacts experienced by children and families during the COVID pandemic, charitable giving prioritized food security, health, education and public safety organizations.
